CONTACT

Straight to the Point Archery is a non-profit archery education center founded in 2005 by Giap Nguyen. Our state of the art educational and training facility incorporates detailed technical video analysis combined with generations of archery experience from certified coaches and instructors.

OUR FACILITY

Our indoor training facility is equipped with 28 shooting rooms (14 10-yard lanes and 14 20-yard lanes), and 2 private coaching rooms. We also have access to 26 additional 20-yard lanes and an outdoor shooting field. We offer several types of lessons to accommodate everyone from the first time archer to the professional archer. Once set up with proper fitting equipment, each archer will be given the basic safety instruction to start and will be introduced to various shooting techniques.

OUR EXPERIENCE

Lessons are offered by qualified level 1 and level 2 instructors and have met the safety requirements of the USA Archery (USAA). Our instructors also have extensive knowledge of the most advanced archery equipment and all forms of archery from the traditional long bow to the modern compound. Straight to the Point Archery also has specific instructors for recreational archery, competitive archery and bow hunting.

Straight to the Point Archery has an excellent network of contacts with the USA Archery (USAA), Washington State Archery Association (WSAA), Washington State Bow Hunters (WSB), National Field Archery Association (NFAA) and many more national and state archery associations. These partnerships allow you to feel confident in our facility and staff.

NONDISCRIMINATORY POLICY

Next Step Archery admits students of any race, gender presentation, sexuality, religion, national origin or ethnic origin to all rights, privileges, programs and activities available to students at the school. We do not discriminate in administration of our educational policies, admission policies and other school administered programs. All students are welcome and valuable members of our community.
